Skagit Chinook Plan elements.docx

Hey Lisa,

I'm realizing that I didn't provide Larry's response document that you and I briefly discussed. I'm sorry about that. Larry provided me this document in initial response to the comments you provided on their FY14 proposal. It excerpts portions of their Chinook Recovery Plan that speak to the need for a regulatory framework that ensures habitat protection.

I may be sending this a bit too late for tomorrow's discussion, in which case I apologize, but I'm sure we'll touch on this issue tomorrow.

Thanks,

Tiffany

Thanks, Lisa. I'm sorry for not getting back to you about this. I thought that Fran was going to give Dan a call to ask him if he would actually be willing to be on the call, but I think she might not have done that yet. I wanted to reach out to you to see if you would be willing to talk to Dan and see if he would be willing/available for tomorrow's meeting.

I'm in the rest of the day, so definitely feel free to give me a call.

Thanks,

Tiffany

Okay – and finally, I was mistaken – Dan will not be participating in next week’s meeting with Larry; it will just be Angela, who is our acting program manager now, and myself.

Great, thanks! And sounds good for Makah. As soon as you know when on the 15th or 16th works, just let me know.

Oh – and I forgot to say that this time slot does work for us (it will be Dan, Angela, and myself). Thank you very much for coordinating this!

Hi Lisa,

I just heard back from Fran and Larry and the best time to meet with Dan and yourself would be Wednesday, the 10th from 8:30-9:30am. I just checked our conference line and it's available during that time. If that time works for you both, I'll reserve that line

Thank you!
